CHAMBER HIGHLIGHTS

from the desk of Marion Arnfield

It would seem there is still some misunderstanding concerning advertising in the Haliburton Highlands "Lure" book, and the Chamber of Commerce Directory.

The "Lure" book is not sponsored in any way by the Chamber of Commerce. The Chamber endorsed the publication of this book by the Alex Wilson Publications Ltd., who, in turn, acknowledges the Chamber and its members by providing free of charge the full page advertisement on the last page.

To have your advertisement appear in the "Lure" book it is necessary to submit your own advertisement to the Alex Wilson Publications Ltd., Dryden, Ontario, (or to their representative who in the past has come to the Haliburton area) and to pay for same.

To have your name and "write-up" in the Chamber of Commerce Directory requires a second advertisement, and members are contacted in the Fall regarding this, for their write-up in the Directory for the following year. Payment for this is covered by membership dues.

The first week in August was a very busy one here at the Welcome Centre, but this past week has been relatively quiet, partly due, no doubt, to the cool weather we have been having. Visitors this week came from as far away as Maryland, Germany, Bulgaria, Scotland, and Nova Scotia.

We closed the office Thursday afternoon, and called on members in the Dorset area and beyond, and saw a deer on the road on the way to Livingstone Lodge! This week we plan to call on more members, for this is a most important function of the Chamber.

The following report is from Mr. G. Heywood, Chairman, Pollution and Ecology Committee. "The Haliburton Highlands Chamber of Commerce would like to congratulate the Haliburton Highlands Property Owners Council Mr. Dougald W. Patterson, Chairman of the Pollution Committee for their

untiring work in testing our lakes. For the information of those wishing to assist the Property Owners Council, the following lakes are either not being tested or are not being well covered, at the present time.

Little Redstone, Redstone, Cranberry, Pine, Maple, Green, Beech, Red Pine, Sherbourne, St. Nora, Three Brothers, Kushog, Kabakwa, Little Boshkung, Mountain, Gull, Little Bob, Big Bob, Esson, Miskawabi, Dudman, Bark, Drag, Moose, Percy.

Perhaps I am speaking out of turn, but as a former resort operator, I am fully aware of advertising costs. Many visitors who call in pick out brochures from our racks, and I have noticed that the heavier insets, particularly post cards, have a tendency to drop out. As just a thought for next year, when planning your brochure, maybe you could devise some way whereby you could keep all your literature intact.

Please keep in touch with us if you have vacancies, we are here to help you all we can.

On Wednesday, September 20, 1972 at 2 pm, the Haliburton Highlands Senior Elementary School will be officially opened by the Honorable William Davis. Mr. Davis was Minister of Education when the groundwork for this school was laid and the trustees are pleased that his busy schedule allows him to officiate at its opening.

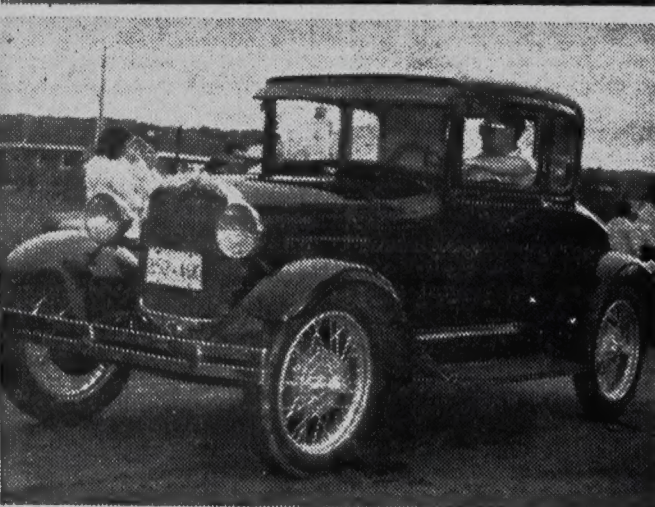

As school will be in session at this time, the students will have the opportunity to witness and participate in this historic event at their school.

PLAYGROUND GROUP TO HOLD PENNY CARNIVAL

This Thursday evening, August 17, there will be a Penny Carnival at the Minden Public School gymnasium at 7:00 p.m.

Plan to attend! There will be a variety of games, draws and a Haunted House for you to amuse yourself.

Everything is for pennies! Admission is only 1 penny. Immediately following the closing of the booths there will be a Miss Penny Carnival Contest for girls 4 to 6 years of age.

Pictured above are three entries which were in the Rotary Carnival parade, held recently. Top photo pretty girls make up part of the Orange Grove Resort float, center photo, Rockcliffe Hotel entry and bottom photo Reg Booth with his now Minden famous 1929 Model A Ford, a parade wouldn't be complete without it.

HERE AND THERE

with Fenwick Finch

I've said it before and I'll say it again, "writing is a lonely business." When you write something, there are always two sides — you're damned if you do and you're damned if you don't.

Small communities especially — you write something to bring it to the attention of the public and, someones toes get a little stamped on — but the situation is rectified.

Let me tell you something about small town columnists like Jean Sears, Cliff Burk and myself. If you think we are doing this for money — you've got rocks in your head — the money I get wouldn't keep me in cigars. Then, why do we do it? I don't know about the others but I'll tell you why I do it — I enjoy it and it gives me an opportunity to bring things to the general public they might not be aware of — if I see an interesting place I have the opportunity of sharing it with others.

It must be the same way with Jean and Cliff. Without our little efforts any small town paper would be just a sheet of ads and little more.

Whenever I get the weekly paper I always look for Jean's column to see who of my friends are in hospital and I know a great many other readers do the same thing, this is the only way you'll find out what happens. Now here's my beef, for the past six or seven weeks I've noticed Jean's column has said, "Persons in out-of-town hospitals" — I'd like to know why? Don't we have any local patients in our Minden Red Cross Hospital? Are the local readers going to have to put up with a biased censorship which deprives them of the opportunity to know who of their friends are sick? It is no shame to be in hospital, I've spent a great deal of time in the Minden Red Cross Hospital and have always found them to be perfect in every way. I find this situation a little unbelievable. It is a patient's right if they don't want their name in the paper all they have to do is say so — but, if as the result of one patient squacking their head off because they are mentioned it is unfair to drop the curtain over the rest of the patients who may want their friends to know where they are. Personally, whenever I have been mentioned in the papers it has resulted in me meeting some old and some new friends.

So, let's give this the consideration it's worth — we correspondents do a service to the community — if you don't want your name in the paper say so, personally if that request was made to me I would treat it in the manner it should be, the name would never appear in the paper. There is one on my list now that if the Queen of England made a special trip to Minden to present them with an award there'd be no way any mention would be made in this column.

The Haliburton Echo carries the names of people in their hospital why the sudden change in our plan?

Once more, think about it — not having these names in the paper is a disservice to the rest of the community and certainly should be rectified and quickly. Write in and let us know what you think!

Well so much for that — but some action will have to be taken.

That's it for this week, I may have boiled over but it always burns my Posterior Fundum when people complain but do nothing to aid in the work of the community — as far as I'm concerned about them "sympathy" is just a word in the dictionary.

Until next week think on this — "Some girls get a lot out of a dress and leave it out." Drive carefully, or you may get in our hospital without honourable mention.

RECEPTION HELD FOR GOLDEN WEDDING ANNIVERSARY

A reception was held Saturday and Sunday at the home of Ada and Art Pilcher, Horse shoe Lake, in honour of their Golden Wedding Anniversary.

The attendants of fifty years ago, Mrs. H. Pitman, brides maid, Florida, Bert Pilcher, best man, Toronto, and Mrs. J. Lynham, Muskoka, arrived with their families.

Among the 130 guests at the open house were relatives and friends from Hamilton, Oshawa, Toronto, Spanish and North Bay.

Their son Frank flew in from Kamloops, British Columbia for the weekend. Mr. and Mrs. Pilcher are the parents of 3 sons, one daughter and eight grandchildren.

HALIBURTON SCHOOL OF FINE ARTS ENROLMENT UP BY 10 PER CENT

The Haliburton School of Fine Arts announced this week that the Summer School enrolment for 1972 totaled 325 students. This was approximately a 10 per cent increase over 1971. The enrolment figure was made up of 210 adults and 115 children. Students for the Summer School came from many centres to study under the highly qualified instructors at the School. Among those who attended the Summer School was Mrs. Anne Mirvish, wife of the famous Honest Ed from Toronto. Mrs. Mirvish was studying copper enameling with Mr. Alan Perkins who is generally accepted as one of the leading artists in his field. Other students came from Peterborough, Sarnia, Hamilton, Burlington, Ottawa and Montreal to study at the School.

**TOWNSHIP OF
LUTTERWORTH HELD
COUNCIL MEETING**

A meeting of the Municipal Council was held August 9th, 1972 with Reeve Donald Williams in the chair. Also present were the following: Deputy-Reeve A.O. Shingler; Councilors M. Taylor - Munro, D. Leary, P. Valentine; Road Superintendent F. Müller and Clerk - Treasurer E. Burke.

A motion was passed to adopt the minutes of July 12, 1972 meeting.

In attendance were Joe Gillespie and Bernice Harrison concerning the closing of a road allowance. After reviewing the map etc., the following motion was passed "That the road allowance between Lots 21, Concession 6 and 7 be closed providing the solicitor agrees."

Before continuing with the meeting a ten minute recess was called and then the regular meeting was resumed.

The following accounts were presented for payment and approved: General \$21,020.50; Welfare \$726.42 and Road account no. 7 \$1,929.66.

After the correspondence was read, the following resolutions were passed.

That we approve the erection of a sign by Forest Echo Motel on township property, provided that a permit is obtained from the MTC and a fee of \$25.00 annum is paid to the township.

That a by-law be considered with reference to D.B. Crossland letter depending on correspondence with the Department of Agriculture.

That the Clerk write Clarkson Fenton and Widdup and request their representation at the Council meeting on September 13, 1972.

That we advise Mr. Oliphant we require more information regarding letter of July 19, 1972. That the agreement for the road needs study be signed and sealed by the Reeve and Clerk. That we prepare an agreement to stockpile the sand on Nelson Archer's property at the rate of \$25.00 per annum.

That the Road Superintendent be authorized to have 800 cu. yards of sand screened and purchase 40 tons of salt.

That we advertise for operator labourer for truck and equipment.

That we contact various lawyers in the area to ascertain if a firm is interested in serving as this township's solicitor.

That we adjourn until September 13, 1972.

A HOOKED FISHERMAN

While visiting in Minden, Russell Shallhorn was caught in Canning Lake while casting. The fish got away but Russ went to Red Cross Hospital.

NOTICE

Notice of Application to The Ontario Municipal Board by The Corporation of the Townships of Anson, Hindon and Minden for approval of a by-law to regulate land use passed pursuant to Section 35 of the Planning Act.

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hindon and Minden intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of By-law 72-20 passed on the 10th day of May, 1972. Provisions of the by-law are furnished herewith.

By-Law No. 72-20 — Being a By-Law to amend By-Law No. 14-67.

WHEREAS authority is granted under Section 35 of the Planning Act, R.S.O. 1970 subject to the approval of the Ontario Municipal Board to the Council of the Municipality of Anson, Hindon and Minden to exercise such power.

THEREFORE the Council of the Corporation of the Townships of Anson, Hindon and Minden enacts as follows:

Section 3 - Definitions

Clause 3.9 is deleted and the following is substituted therefore:

3.9 Dwelling Unit: Shall mean one or more habitable rooms designed or intended for use by not more than one family in which kitchen and or sanitary facilities are, and the same shall be, provided for the exclusive use of such family.

Clause 3.10 is deleted and the following is substituted therefore:

3.10 Floor Area: means the area of a floor or floors in a dwelling exclusive of basements, cellars, verandahs, or porches or terraces, calculated from the outside of the boundary walls of the dwelling. Only that floor having a clear height to the ceiling of at least 7' 6" may be used to calculate floor area.

Section 5 - Requirements for Residential Uses

Clause 5.2 (A) is deleted and the following substituted therefore:

MINIMUM REQUIREMENTS

5.2 (A) Minimum Lot Area shall be 15,000 square feet, except where a lot is serviced by a Municipal Water System, the minimum lot area shall be 11,250 square feet and except where a lot is serviced by a municipal water system and a municipal sanitary sewer system, the minimum lot area shall be 9,000 square feet.

Clause 5.2 (B) is deleted and the following substituted therefore:

5.2 (B) Minimum Lot Frontage shall be 100 feet, except where a lot is serviced by a Municipal Water System, the minimum lot frontage shall be 75 feet, and except where a lot is serviced by a municipal water system and a municipal sanitary sewer system, the minimum lot frontage shall be 60 feet.

Clause 5.3 is deleted and the following substituted therefore:

MINIMUM SIDE YARD

No dwelling or other structure shall be erected with a side yard width of less than (5) feet on one side and less than ten (10) feet on the other side except in the case where an automobile garage is attached to a dwelling, then the minimum side yard shall be five (5) feet on either side.

Section 8 - Requirements for the Rural Zone (RU)

Clause 8.1 is amended by adding the following thereto: 8.1 (F) Professional, domestic and household uses shall

be permitted in a residential building located in a Rural (RU) Zone provided such uses conform to regulations contained in Section 5 of this by-law.

Clause 8.2 is deleted and the following is substituted therefore:

MINIMUM REQUIREMENTS

8.2 within any Rural (RU) Zone the following regulations shall be required:

1. Minimum Lot Area — 1 Acre
2. Minimum Lot Frontage — 150 Feet
3. Minimum Setback — 50 Feet
4. Minimum Side Yard — 30 Feet
5. Minimum Rear Yard — 30 Feet
6. Minimum Floor area in a dwelling — 600 Sq. Feet

Read a First, Second and Third time and passed this 10th day of May, 1972.

Charles S. Brandon, Reeve
Richard Parisotto, Clerk

ANY PERSON INTERESTED MAY, within fourteen (14) days after the date of this notice, send by registered mail or deliver to the clerk of the Townships of Anson, Hindon and Minden notice of his objection to approval of the said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen days after the date of this notice send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden notice of his support of approval of the said by-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so it may appoint a time and place when any objection to the by-law be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the clerk under-signed, the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS will be August 31, 1972.

DATED at the Townships of Anson, Hindon and Minden this 17th day of August, 1972.

Richard Parisotto, A.M.C.T.
Clerk-Treasurer
P.O. Box 98, Minden, Ontario

Corporation of the Townships of Anson, Hindon & Minden

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hindon and Minden has passed By-law 72-20 amending the Restricted Area By-law 14-67 to achieve the following objectives.

1. To clarify the intent of By-law 14-67 prohibiting more than one residence on one property.
2. To clarify the intent of By-law 14-67 in determining the floor area of a residence or main building.
3. To reduce the minimum size of lots serviced by water and or sewers.
4. To clarify the intent of By-law 14-67 relating to side yard requirements for dwellings and other structures.

By-law 72-20 is available for perusal by any person at the Minden Municipal Offices during normal working hours.

Dated at Minden this 17th day of August, 1972.

Richard Parisotto A.M.C.T.
Clerk-Treasurer
Townships of Anson, Hindon
and Minden
Box 98,
Minden, Ontario.

EDITORIAL

with Al Greir

LONG STRIKE

It looks like the employees of Ontario Hydro are going to be out for some time. As of Monday of this week, the strikers have been off 55 days. Also on Monday, August 14th, negotia-

tions between Ontario Hydro and Local 1000 of the Canadian Union of Public Employees were suspended indefinitely, by Provincial mediator Victor Scott, nine days after the two parties were called back to the bargaining table by the Ministry of Labor. Mr. Scott gave no indication of when talks might resume.

Mr. Doug Campbell, Manager of Hydro in the Minden area, told this writer that during the nine days, the number of outstanding items was reduced from 177 to 110. Of the 67 settled, 16 were changes over the last contract. Hydro conceded on 15 items, the Unions on one. The other 51 items settled represented agreement by both parties to live with the provisions of the last contract.

Local 1000 changed its across-the-board wage demand from 11 per cent for a one year contract to nine per cent for each year of a two year contract, plus a three per cent cost of living clause throughout both years. When one talks about inflation, you have got it right here if wages are to be increased by this outrageous percentage. To cover this inflated cost, hydro power will take a big increase, almost crippling those on fixed incomes. Everyone cries when I say lock them out — these are the very reasons. If the employees were smart they might consider dumping the Union. Before this strike is over, most employees will be working at part-time jobs in order to exist, and while they are doing this, jobs will become more scarce for those looking for work.

Mr. Campbell said, "Hydro improved its wage offer, which would have given union members an average of about 11 per cent over two years, plus a three per cent cost-of-living clause in the contracts second year. The new offer added one-half a per cent plus a one per cent prepayment of the cost-of-living clause in the second year."

In case you have been wondering how Hydro is continuing its service in this area with 55 employees on strike, the credit falls on five men still on the job — and I might say on the job 24 hours a day. Reg Burk, Don Mann, Buzz Godin, Bob McCallum and area manager Doug Campbell have been virtually keeping everyone in this entire area happy and living comfortably with a combined effort. These men can be congratulated for carrying the responsibility, while their staff is out looking for bigger pay days.

It seems to me if 5 men can carry the work load of 55, Hydro should take a long look at the value of some of their employees. The trend always has been, and maybe always will be, that government positions are easily filled with non-productive staff — again we are looking at inflation in its worst form.

If and when this strike is over, I am sure Hydro employees across Ontario will be more than glad to get back into a comfortable way of life.

LETTER TO THE EDITOR

Minden, Ontario
August 12, 1972

Dear Sir,

I would like to reply to your editorial of August 3 in which you viciously attacked unions in general and the Ontario Hydro Employee's Union in particular. Rather than engage in an academic discussion on the causes of inflation, I would like to explain why the O.H.E.U. is on strike.

The Union is not concerned mainly with getting a very large increase in wages. It is holding out for three principles. The first is that we do not accept Management's insistence on giving different increases to different groups. We want the same increase for everyone. It should be noted that Management granted itself an across-the-board increase of 6½ per cent.

The second issue is one of instituting irregular and unpredictable shift work for employees who are used to working a regular five-day week. Our members are not prepared to alter their way of life so drastically.

The third is the principle of job security. We want a clause which will prevent Hydro from contracting our jobs out to outside companies. There is also a strong possibility that Task Force Hydro will recommend the lay-off of a large number of employees. We will not tolerate such a threat to our livelihood.

Yours truly,
L. Northey.

MINDEN FAIR

AUGUST 26 AND 27

TWO WEEKS REMAINING UNTIL FAIR TIME

Along with the usual popular events seen last year we offer the following special attractions:

- a separate ring for Light Horses where gymkana games will take place for the 1st. time.
- a "Sweetheart of Ontario's Fairs" contest.
- a one-horse draw to be held on Sunday, August 27th. in the Heavy-Horse ring.
- a class of Eight-Horse hitches — in the Heavy Horse ring — each driver will be handling over 8 tons of horseflesh.
- a dance and bar Saturday, August 26th. at 8:30 p.m.
- hosts are Jack Bailey and the Bailiffs.

HOPE TO SEE YOU THERE!

GROUSE NUMBERS

Much of the Grouse hunter's success in the fall depends on the type of weather we have in May and June. Eggs, laid in April, hatch in the first two weeks of June. For the first month, young chicks are vulnerable to long periods of cold or wet weather. Lindsay District experienced this sort of weather in the spring. Ministry of Natural Resources field personnel have been keeping a close watch on the number of chicks in sighted broods; indications are that some were lost to the inclement weather conditions. This obviously will reduce the number of birds available to hunters when the season opens in September. However, hunters shouldn't despair because the traditional nine to ten year cycle has been on the upswing in the District since 1967 and should be nearing its peak. The normal cyclic increase in numbers should help compensate for this spring's chick loss and all in all, hunters can expect moderate to good hunting this fall.

HUNTING SEASON IS COMING UP!

The small game hunting season is fast approaching. September 23 is the opening date for small game in most of the Lindsay District.

Resident small game hunting licences are again \$3.00 and can be purchased at local hardware and sporting goods stores or at Ministry of Natural Resources offices.

For those wishing to take hunting licence examinations there will be exam centres held at Lindsay on September 7 and in Peterborough on August 23. Contact Ministry of Natural Resources Office at 322 Kent St. West, Lindsay, phone 324-6121 for appointments (Lindsay and Peterborough).

The above dates will be the last examinations before the opening of the hunting season.

SPORTS CORNER

with CLIFF BURKE

O.A.S.A. PLAY-OFFS BEGIN

The O.A.S.A. play-offs started in Minden this past week, with the Squirts winning their series, while the Bantams dropped their's.

The Squirts, composed of both Minden and Haliburton Novices, took the best of three series from Lindsay in two straight games.

The first game of this series was played here in Minden on Wednesday evening with the locals coming from behind in the sixth inning to win 12 - 7. Led by Bernie Nichols two run homer in the sixth, the squirts scored seven times to win easily. Brian Shaw struck out eight batters in this contest to pick up the victory.

In the second game played in Lindsay Friday evening under the lights, the local squirts once again trailed until the late innings before pulling out a hard fought 12 - 10 victory. Brian Shaw fanned seventeen batters in this game. Congratulations Squirts, and continued good luck in the Zone Finals against either Wingham or Owen Sound — you can beat either one.

The Bantams, playing without half their regulars who are on vacation with their parents were beaten soundly by Parry Sound in two straight. The first game played in Parry Sound on Wednesday, ended in a 15 - 5 romp by the home towners. The two went at it again in Minden on Saturday and the Sounders once again won easily 14 - 2.

Two standouts on the Minden team were pitcher Barry Shaw and catcher Bill Hogg. Errors were the difference in this series.

Any Minor Softball player wishing a softball jacket this year, please contact Wally Bunn at 286-2823 as soon as possible. All jackets will have a Minden Minor Softball crest designed by Wally.

Merchants Take Opener

The Minden Merchants took a giant step forward this past week with a lop-sided 14 - 4 pasting of the Stedman Raiders. The two teams are playing a four of seven series to see who is the best in Minden as well as a \$50.00 purse to the winner. Errors by the pailful led to the Raiders downfall. If they are to win this series errors will have to be kept to a minimum, because Minden is a far more experienced team and they are the best in the league at capitalizing on another teams mistakes.

Redmen Win Final Opener

The West Guilford Redmen overcame a three run deficit in the late innings to defeat the Haliburton Huskies 7 - 6 in the opener of the Haliburton Senior Championship.

Trailing 6 - 3 in the sixth, the Redmen scored twice in the bottom of this inning and twice in the seventh to win. Tony Salvatori had 2 homers for the Huskies while George Nichols had one for the Redmen.

Huskies Trim Raiders

In an exhibition contest played last week in Haliburton between the Huskies and the Stedman Raiders the Huskies trimmed the visitors 5 - 1. This was just a friendly affair to tune up for each teams respective four of seven series. Floyd Henry scored Stedmans only run on a homer over the center field fence, about 275 feet from the plate.

Hide And Seek Fish

Where are they now? Some of the most perplexing fish that anglers pursue are walleyes. You can never tell where they'll turn up next. And with increased stocking by fisheries departments, the number of streams and lakes containing walleyes continues to grow. Today more anglers than ever have a chance to catch this popular specie of fish.

Since they're so unpredictable fishing for walleyes should appeal to the gambling instincts of most men. Sometimes they are found in shallow water, other times in deep water. They could be near shore, or in the middle of the lake.

But wherever you find walleyes, Red Fisher, the angling expert at Mercury outboards, advises that chances are you'll have good fishing. For they are schooling fish and will usually stay in one place long enough for fishermen to catch a limit.

In lakes, start searching for them near shore where the water deepens quickly, leaving a shallow shelf running back to the bank. Walleyes will lay right along the edge of the shelf, waiting for a tasty morsel to come their way. Avoid muddy bottoms; walleyes prefer sand or gravel.

In streams, fish the swift, deep water, especially where an eddy forms alongside a fast stretch. Walleyes wait here for minnows or other natural food to go by, caught in the tumbling stream of water.

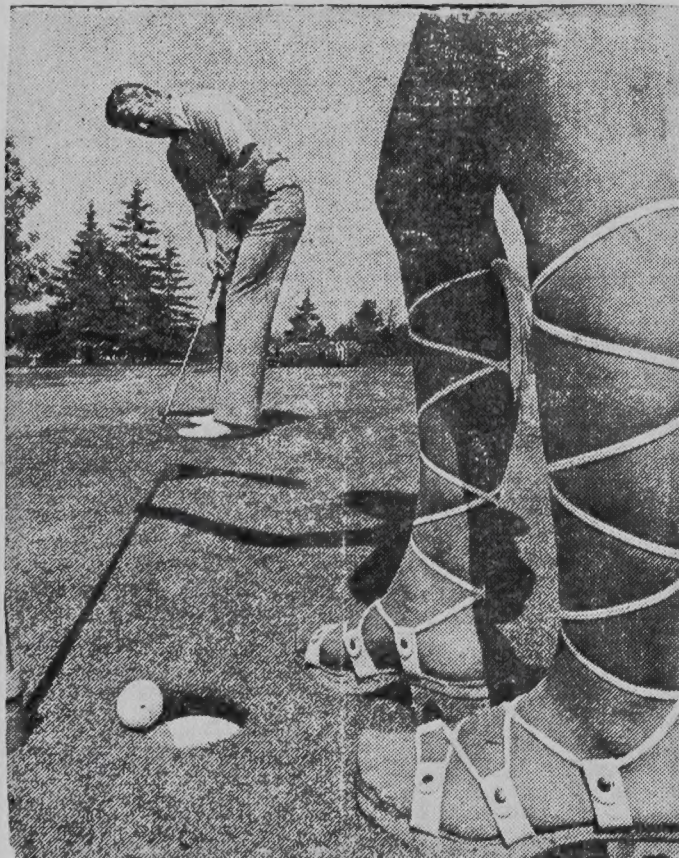

In spring, walleyes spawn over sand and rocks, not staying on the nest. Later, in mid-summer, they are likely to be in water up to 50 feet deep, and trolling is the only way to locate them. When you get a strike, continue fishing the same way in the same place. It's sometimes possible to collect a limit within a short period.

Walleyes are prized as table fare. With a sharp, thin-bladed knife fillet the fish, dip the fillets in milk, roll them in cornmeal, then fry them in a greased skillet over a hot fire.

RED CROSS
IS ALWAYS THERE
WITH YOUR HELP

NOW THAT'S CONCENTRATION !

Even the lovely legs of Miss CBC, Birgit Schulze, failed to distract Bob Moir, one of CBC-TV's dedicated sports commentators from sinking this 10 foot putt. Bob was out on the green practising prior to his coverage of the Canadian Open and Birgit was used to test his powers of concentration, the proof of which is in the putting.

THE ALLAN SISTERS

The Allan Sisters, who sing regularly on CBC-TV's the Tommy Hunter Show each Friday night, are really sisters not just two singers who came together to form a singing duo. Coralie, left and Jackie now live in Toronto, but come originally from Edmonton from a family of five sisters and one brother.

MANY ENTRIES TO BE AT MINDEN FAIR

Let's take another look at those events you have been used to seeing at the Minden Fair. It's not too easy to start that special grooming for the horses and to check and clean the harness and wagons used in the Heavy Horse classes. The excellent horsemen you will see, including those who have placed first at the Royal Winter Fair, will show you how it's done.

Be certain you see the entries in the cattle, sheep and pig classes. They're among the best our County has to offer, and it will be obvious they are well taken care of.

Check out the Grain and Seeds, Roots and Vegetables, and Fruits entries. You'll see why our local gardens are envied by the "city folks."

The Ladies' Work division has so many different classes that there is still time to prepare an entry.

There aren't too many things you can make ahead of time to enter in the Domestic Sciences classes, but you should note there are only three weeks remaining before "last curtain call."

Flowers everywhere are blooming nicely so we can expect a large number of entries in this class.

For the Photography class remember to bring your camera to the Fair. If enough people take pictures of events at the Fair, and turn them over to the Fair Board when they are developed, special prizes will be given for the best photograph.

An Arts, Crafts and Hobbies entry list is ready for the adults. You may have your choice of 27 classes.

Kirk Coneybeare has a very nice entry ready for the Junior classes. These classes are open to Haliburton County's boys and girls under 16 years old and they cover just about every kind of craft work you can think of.

Next week we will once more mention all the new events.

'Sure do hope these publications have interested ever more people in attending the Fair!

DOLLARS AND GOOD SENSE

by William J. Martin

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

In my last column I discussed the pilot program in California to make automatic entries of employee paychecks to banks as being a major step toward reaching the "cashless" society. Currently, the bank credit card's popularity has already started the ball rolling in the cashless direction.

The use and number of bank

credit cards has grown substantially in the last few years.

A U.S. Government report now shows that Americans owed about \$4.1 billion to national banks at the end of last year. This is an increase of \$3.5 billion over the year previous. This figure includes both credit and "instant money" plan balances.

At the end of 1967, Americans owed \$985 million to the banks by comparison. At that time there were only 187 national banks which issued credit cards. Today in the U.S., 740 national banks issue the cards and another 701 offer "instant money" plans. This does not include the various state chartered banks that are involved.

The big increase in the use of the cards comes from the additional people using the cards rather than an increase in the amount of money borrowed.

At the end of 1971, there were 13.8 million credit cards from national banks with outstanding balances out of a total of about 25 million such cards. The balances totaled \$3.2 billion, up from \$2.7 billion at the end of 1970, an average of \$235 per card.

At the same time, there were 1.5 million "instant money" accounts with outstanding balances totaling \$817.5 million, or \$539 per account. These plans usually operate through a deposit of additional funds in a

member's account if the member should overdraw it, for an interest charge.

The popularity of these 'cashless' charge plans is evident and the trend seems clear. It shouldn't be long before old-fashioned cash will be seen only rarely by most consumers.

The Expropriations Act

NOTICE

OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

Ministry of Transportation and Communications

In the matter of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Minden, in the Provisional County of Haliburton, in the Province of Ontario.

For the purpose of acquiring sufficient land to widen Highway Number 35.

Notice is hereby given that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, service personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

The Approving Authority Is

Minister of
Transportation and Communications
Parliament Buildings,
Toronto 5, Ontario.

Minister of
Transportation and Communications
W. G. Wigle, Director,
Right-of-Way Branch

NOTES:

1. The Expropriations Act, provides that,

(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and
(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the land described as follows:
In the Township of Minden, in the Provisional County of Haliburton, in the Province of Ontario, being part of Lot 12, Concession 10, designated as Part 6 on Ministry of Transportation and Communications' Plan P-2904-86 deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-261. This Notice first published on the 3rd day of August, 1972.

SIR SANDFORD ANNOUNCES 14 FACULTY APPOINTMENTS

Sir Sandford Fleming College has announced the appointment of 14 new faculty members for its business, general and applied arts, retaining, technical and natural resources divisions.

The greatest faculty increase is in the Lindsay-based natural resources division, where the second year of several new programs introduced last year will be taught for the first time.

Ronald C. Arnold will teach in the heavy equipment technician program there; John D. Buck, B.A., will teach mathematics; John M. Carson, B.Sc., M.Sc., geology; Gaile E. Fleming, B.Sc., mathematics and surveying; J. Ronald Morgan, B.Sc., geology; M.A. Oureshi, B.S., Ph.D., biology and forest soils; and K.T.P. Wong, cartography.

Three appointments are in the College's business division, including Harry W. Cureton, who will teach management, industrial and cost accounting; Dale F. Dilamarter, B.A., M.A., teaching recreational geography, economic and travel geography, community development, and urban planning; and F. Dean Haggerty, B.A., business mathematics and economics.

The technical division appointments include Manmohan S. Butalia, M.Sc., teaching chemistry laboratory techniques and physics; and Lawrence R. Wicks, B.Sc., who will teach mathematics.

The general and applied arts division has appointed Carol A. Page B.A., Dipl. C.S., to teach core subjects in the early childhood education program.

The retaining division appointment is R. Earl Quackenbush, teaching in the area of marine mechanics and small powered engines.

by Lorna Rogers

With the Summer Olympics coming up in Munich this month, CBC Radio, in addition to giving daily reports, has scheduled a couple of in-depth programs connected with this international sporting event.

The Scene, Saturday, August 19, features a special look at the Olympics, past and present and, as Montreal prepares to act as host of the 1976 Games, a glance at the future.

CBC Tuesday Night, August 22, *Citius... Altius... Fortius* (Swifter, Higher, Stronger, the Olympic motto), is a documentary on the history of Canadian participation in the Games prepared by Montreal sports broadcaster Gordon Atkinson. A number of interviews with past gold medal winners are included.

Another sports event of national interest is the Canadian Professional Golf Association Championship, to be covered live from the Rivermead Golf Club in Hull, Quebec, Sunday, August 20.

George Ryga's *Captives of the Faceless Drummer* was refused production by the Vancouver Playhouse Theatre, (which commissioned it), because of its controversial subject matter. It has been produced several times, most recently at Lennoxville, Que. Now, Ryga has adapted it for CBC Stage, Saturday, August 19. The plot is borrowed from the FLQ crisis of 1970, and deals with a confrontation between a Quebec diplomat and a young Quebec revolutionary.

Requiem for a Home Town — A Return to Glace Bay with Bill McNeil is a very personal portrait of a Nova Scotia coal-mining town which will never be the same again. Broadcaster McNeil was born and brought up in Glace Bay in a coal-mining family. Now, only one mine is operating, and the residents see no hope for the future. There's nostalgia, humour and sadness on this *Between Ourselves* program of Monday August 21.

The Entertainers' producer Ron Solloway, has a rare treat in store for listeners, Friday, August 25. It's *An Evening With Marcel Marceau*!! He is reluctant to disclose further information, as he feels the title speaks for itself. One thing is sure, it's a very unny program.

ABOUT THE TOWN

With Jeanne Sears

The Canadian National Exhibition is again coming up from August 18th through September 7th. There are several days when Algar Buses take you right to the grounds and home again that night. What a convenience — no city driving or parking, although this might be a very long day.

Mrs. Vera Cowan and Carolyn and Larry Hewitt are leaving for a three week holiday in England.

Next Monday night will be your last chance of the season to see live theatre at the District High School with another comedy "Only an Orphan Girl."

There was a large crowd of people lining the bridge and both sides of our river last Saturday when the Canoe Haida arrived. This canoe is substantial as it was used as an ocean-going one. The crew had paddled from Bewdley via the Trent Waterway to Minden and this was a week's effort. One of the passengers on a short trip was Reeve Charles Brandon who also welcomed them when they arrived. This canoe will be trucked from here to be on display at Camp Kandalore.

Another lucky person at Rotary Bingo last Thursday when E. A. Faulkner of Twelve Mile Lake won \$50 for "Round the Outside" in just 45 numbers.

There was the Snell Family Picnic at Earl Hewitts residence Sunday in honour of Doris Snell of Three Hills Alberta, daughter-in-law of the late Jim Snell. Doris is visiting Mrs. Walter Welch and some of the other guests were Mr. and Mrs. Lloyd Ash, Mrs. Gordon Myles and Mr. and Mrs. John Plankett all of Peterborough.

Sincere sympathy to the families and friends of the late Mrs. Russell Crawford and Clayton Stamp who passed away since last week.

Another get-together was at the Harold Deacons, the McFayden family picnic last Sunday when Mrs. Ivan Girven and Mrs. John Hynd and Janine of California were visiting them.

Our annual Fall Fair is coming up in just another week, last call to gather up those hobbies, crafts or finish that last article to get it ready. There is always something for everyone: rides, games, exhibits or just a friendly chat with someone you haven't seen since last year's Fair.

Something we'd like to know — everyone seems to have received a new (large) phone book, got one at the Library but not at our home. There are many new numbers and we will only be calling information.

Margaret and James Brand have their daughter Margaret and two children from Phoenix Arizona visiting them for the summer.

Mrs. George Sutherland was visiting at the Eldon Deacons and there was a Sutherland Family picnic at the Deacon's, it being the occasion of Mabel's mother's birthday.

The Rivers and Lakes are very high in the County, mainly because of our rainfall, but as usual water levels are controlled by the Trent Waterway, as at the moment they do not need this water. Most of the lakes in Ontario as well as the St. Lawrence are high too; we are not the only ones with this problem.

Cheerio until next week.
